

NEXT-LEVEL IS HERE!

THE ALL-NEW  
**HAVAL JOLION**

# WELCOME TO NEXT-LEVEL MOBILITY

The all-new Haval Jolion Pro now leads the dynamic Jolion line-up! This exciting range features a sportier look and improved performance across three petrol variants and an electrified HEV model.

At the same time, two upgraded, new Haval Jolion City versions are also hitting the streets.

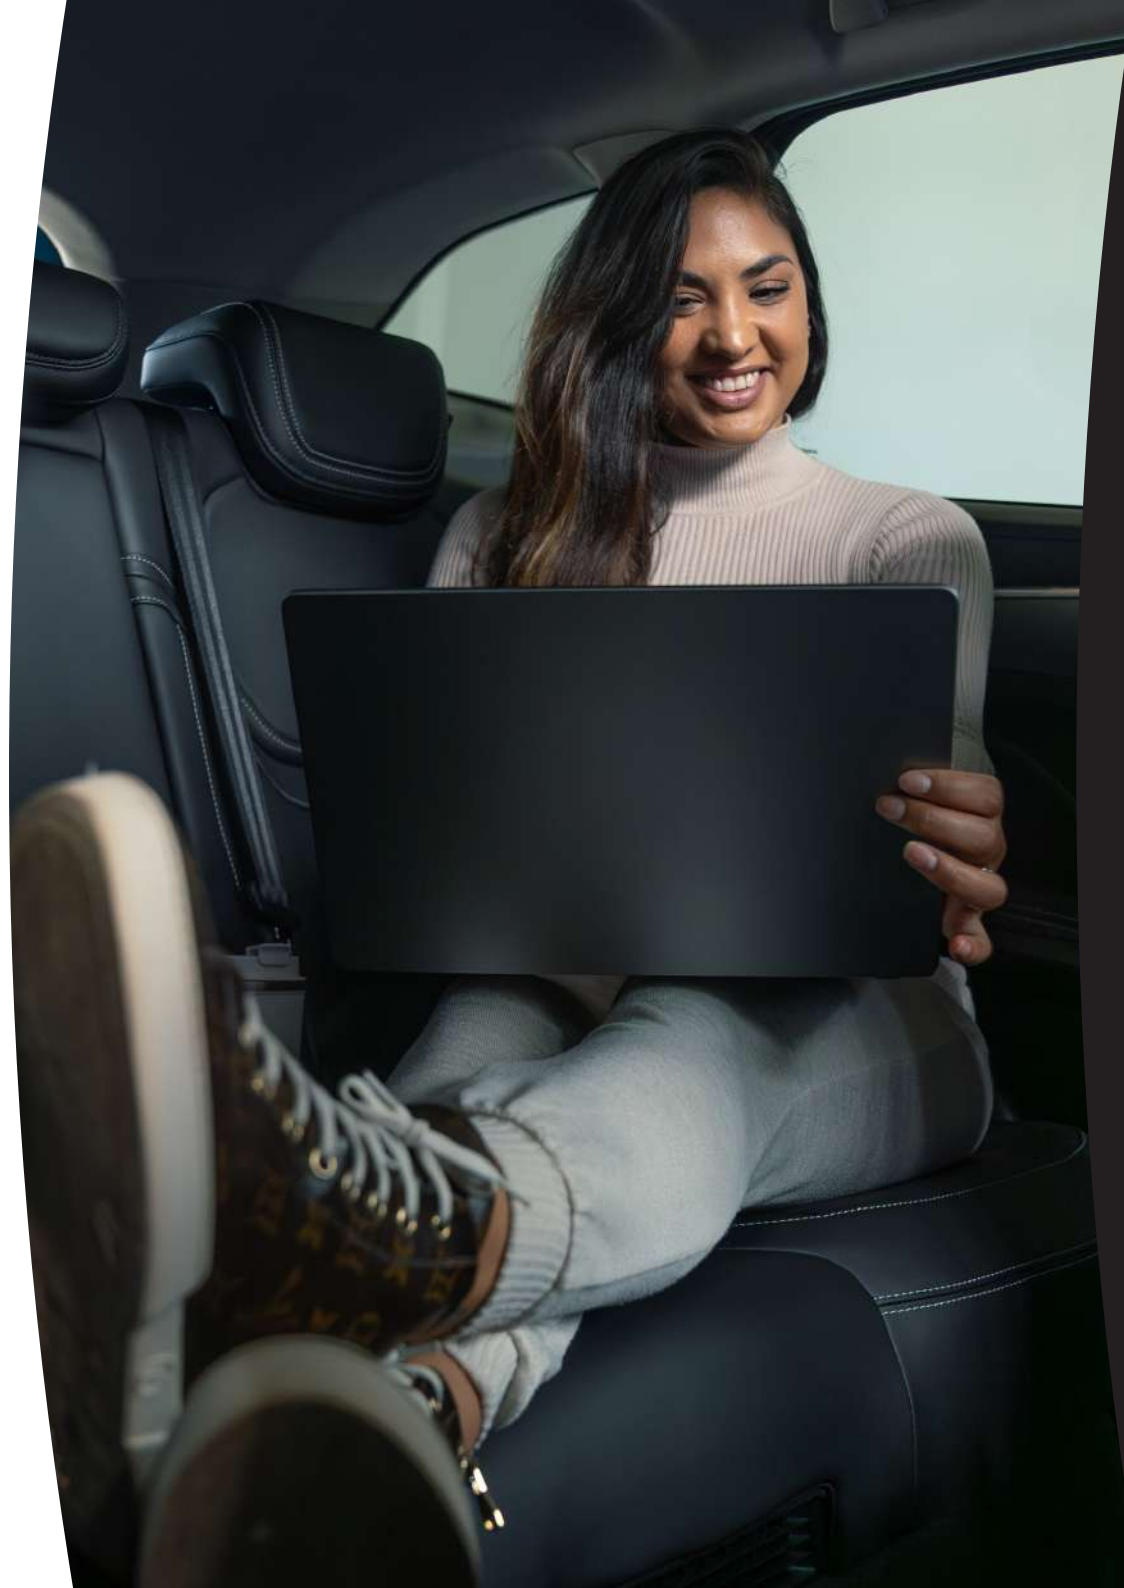

# THE ALL-NEW HAVAL JOLION PRO

## Performance enhanced

The JOLION PRO's petrol range tops out with an impressive 1.5T turbo producing 130 kW and 270 Nm, outmuscling the standard Jolion by 25 kW and 60 Nm. The HEV takes it up another notch with a combined 140 kW and 375 Nm of torque.

Drivetrains are meticulously calibrated to keep engines in their sweet spots, maximising potency, while different suspension setups provide more responsive driving profiles.

## The All-New JOLION<sup>PRO</sup> HEV

delivers a remarkable  
combined output of

**140 kW** and  
**375 Nm** of torque

## NEXT-LEVEL DESIGN

While sharing the typical Haval premium interior finishes, connectivity suite and safety technologies, the all-new Haval Jolion Pro sets itself apart on a visual level with a decidedly sportier look than its earlier namesake.

A handsome, vertically slatted grille design, separating the LED headlights from the daytime running lights differentiates the more athletic feel of the Jolion Pro, while angular cuts sculpt the lower front lip and a boot lid spoiler features at the rear.

## Superior visibility

Illuminate the journey ahead with the all-new Haval Jolion Pro's electric, height-adjustable LED headlights and separate daytime-running lights for superior visibility, rain or shine.

EXPERIENCE THE FUTURE OF DRIVING WITH GROUNDBREAKING TECHNOLOGY,  
OFFERING UNMATCHED VISIBILITY AND TAKING YOUR JOURNEYS TO THE NEXT LEVEL

## An air of sophistication

Elevating the cabin's cultivated ambience, the JOLION PRO features an eco-leather multifunction steering wheel, rotary gear selector and contoured seating.

The digital driver's display and floating central touchscreen are complemented by carbon fibre-inspired panel accents.

## Eye-catching

A striking LED lightbar stretches across the rear, accompanied by an aggressive bumper with flared sides.

## Every turn a statement

An improved suspension setup in the all-new Haval Jolion Pro offers a more responsive driving persona, featuring independent multi-link suspension. Paired with glossy 18-inch black alloy sports wheels, every turn becomes a statement.

# NEXT-LEVEL PERFORMANCE

## Smoother gears

A quieter and more efficient drive is what you get, compliments of the latest 7DCT technology in the petrol versions and DHT in the hybrid, ensuring buttery smooth gear changes throughout your journey.

## JOLION PRO ups the ante

Powerful yet economical turbocharged engines characterise the all-new Haval Jolion Pro line-up, with the ICE 1.5T delivering up to 130 kW and 270 Nm with an impressive fuel economy of 7.5 L/100 km.

The HEV variant ups the ante producing 140 kW and 375 Nm for optimal power-to-efficiency balance and combined fuel economy of 5.1 L/100 km.

## A mode for every mood

Tailor your driving experience with a selection of 4 modes: Standard for everyday driving, Eco for max fuel savings, Sport for lively performance and Snowfield for enhanced traction on slippery surfaces.

“INTELLIGENT LIGHTWEIGHT CONSTRUCTION, SUPERBLY EFFICIENT TRANSMISSION SYSTEMS AND IMPRESSIVE FUEL ECONOMY TAKE YOUR DRIVE TO EXHILARATING HEIGHTS.”

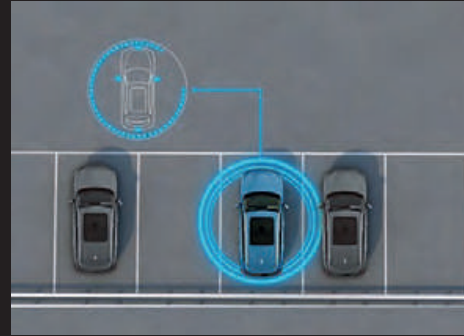

# NEXT-LEVEL SAFETY TECH

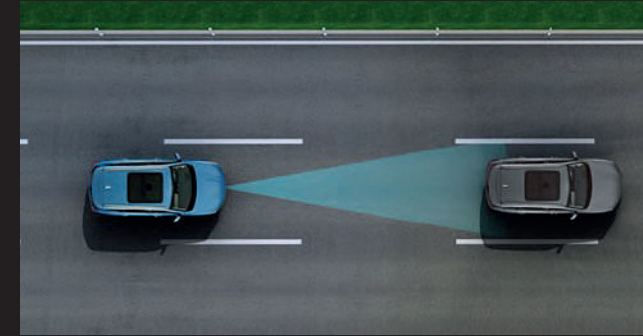

## Lane keeping technology

This state-of-the-art driver system combines Lane Departure Warning, Lane Keeping Assist and Lane Centre Keeping to prevent unintended lane drifting. It also assists with lane changes and alerts you to potential obstacles.

## All-new Haval Jolion PRO's got your back

An immersive 360-degree camera system in the JOLION PRO utilises 4 high-definition cameras. In addition, Rear Collision Warning uses radar sensors to detect approaching vehicles when reversing, and warns of imminent collisions.

## Smart cruise & braking tech

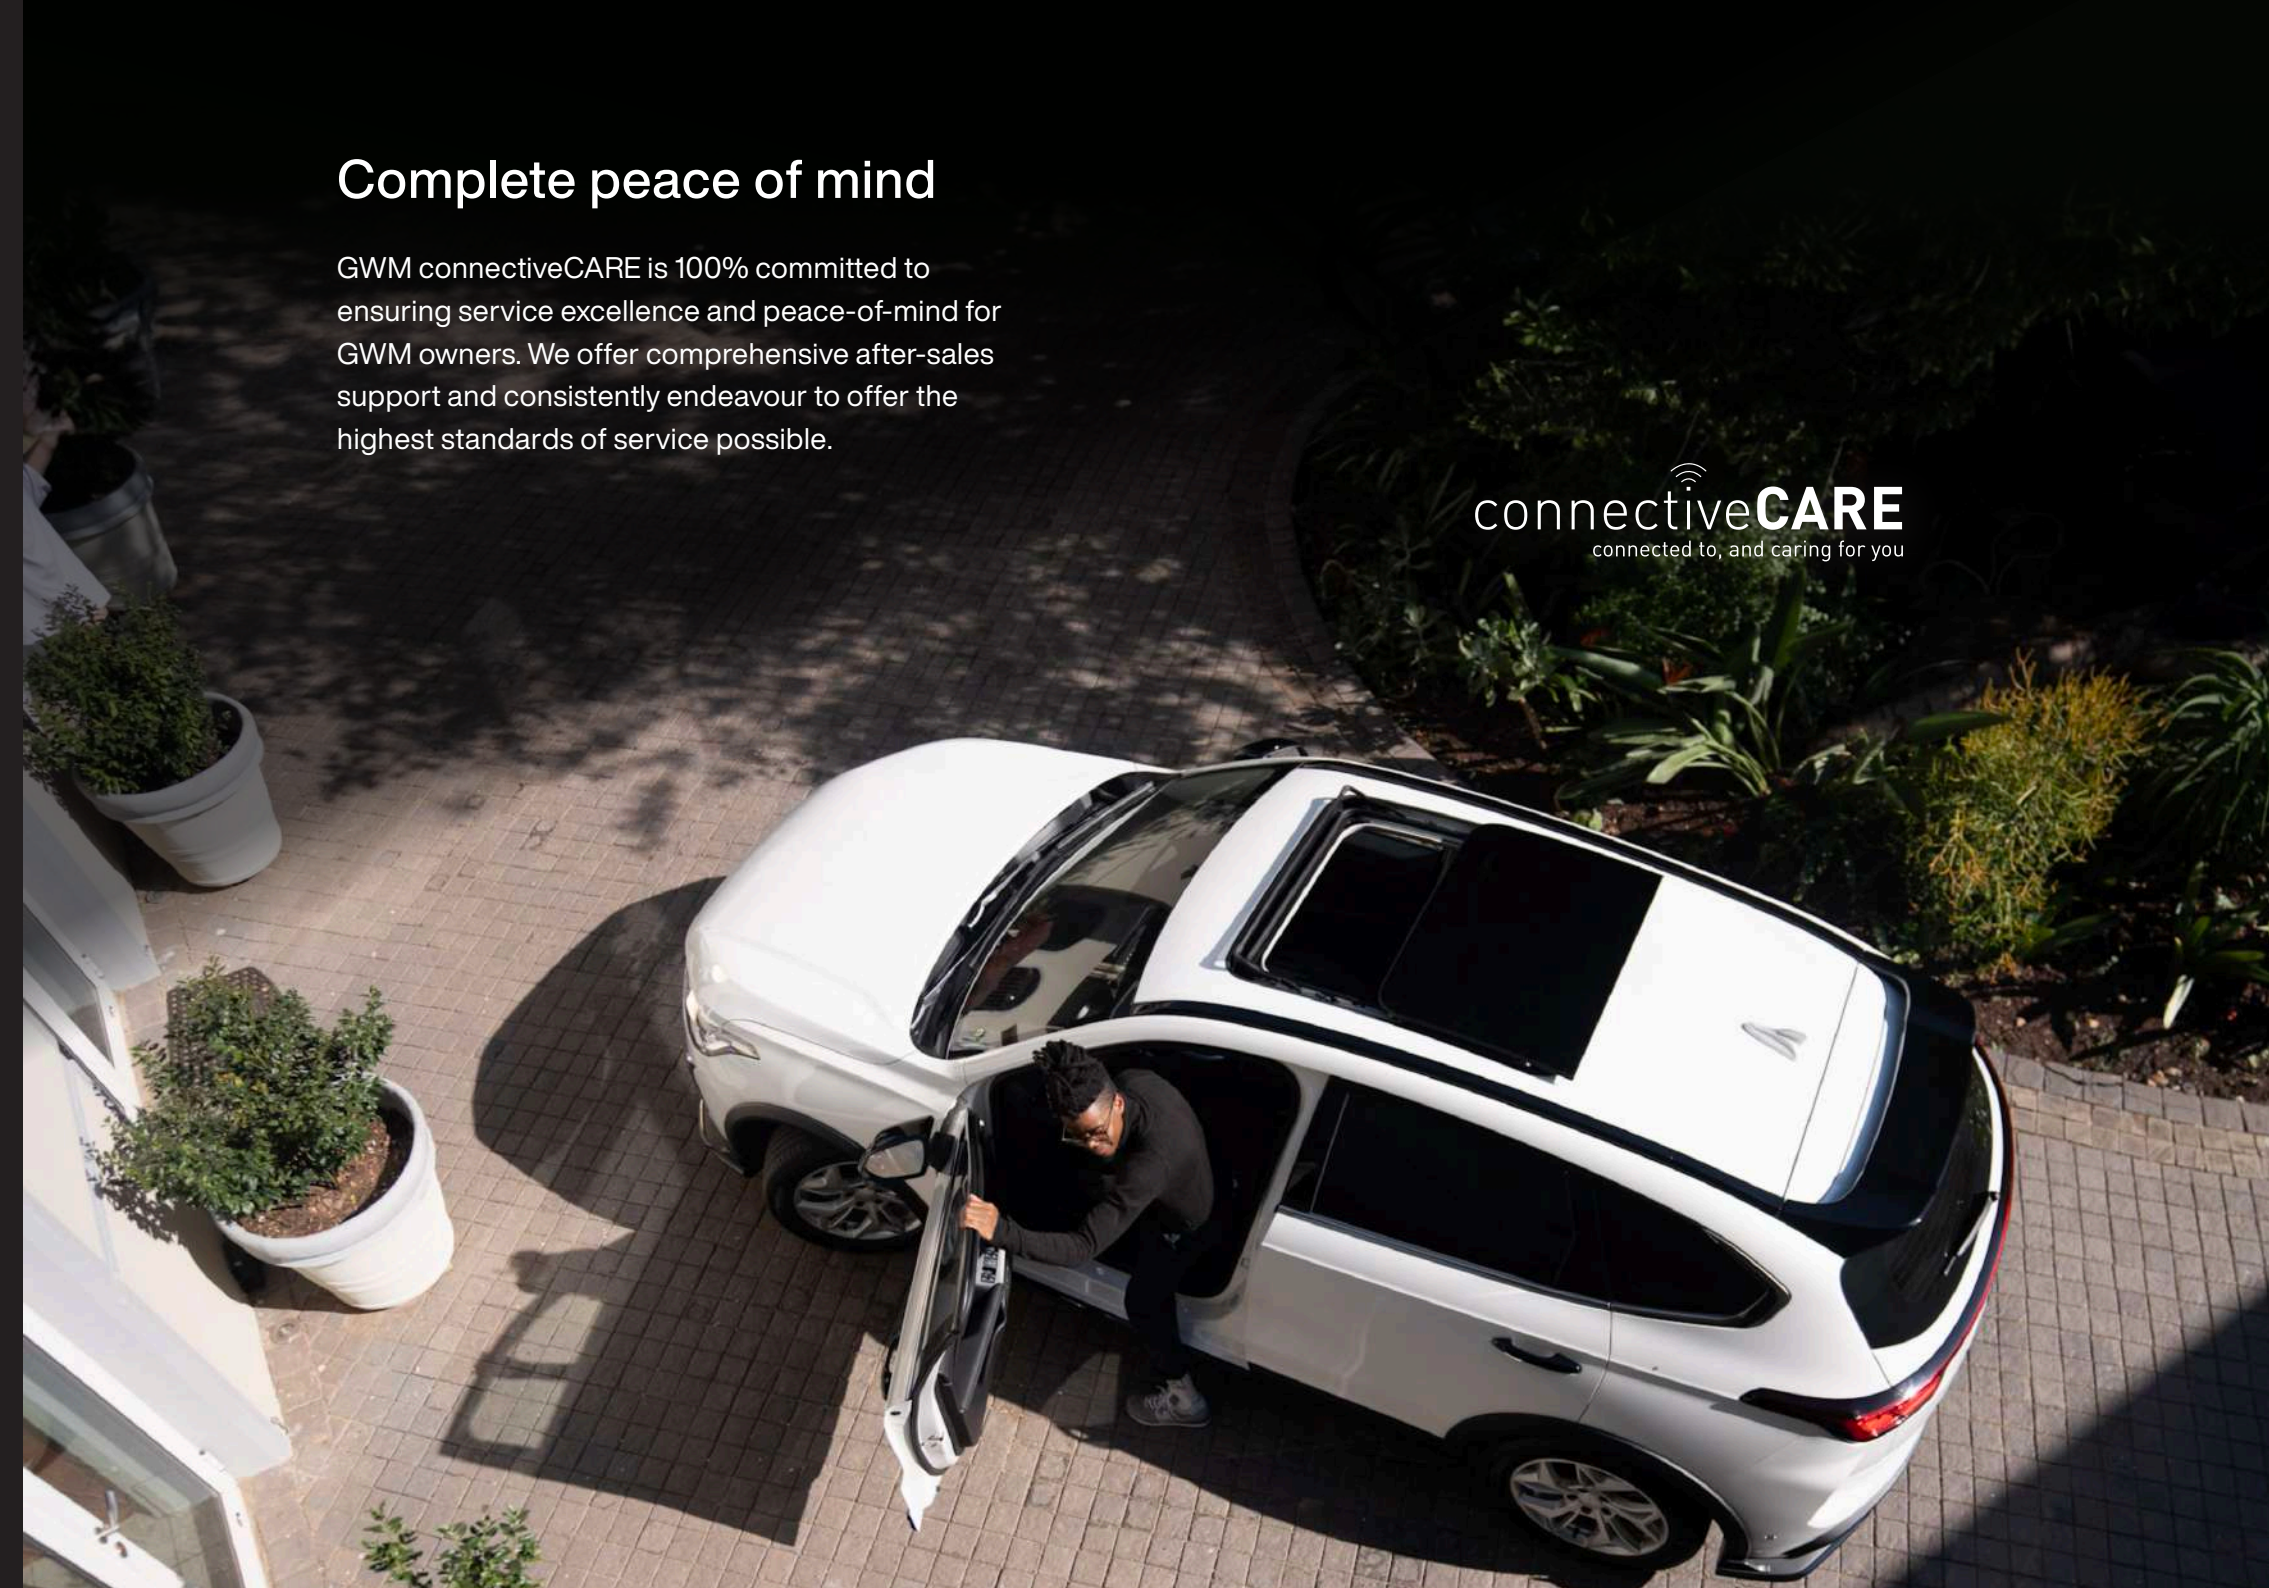

Your speed is automatically modulated to ensure a safe following distance by Adaptive Cruise Control. The system also detects pedestrians and cyclists, automatically activating the brakes to prevent collisions through Autonomous Emergency Braking.

“OFFERING AN INTUITIVE, SAFE DRIVING EXPERIENCE BY INTEGRATING A 360-DEGREE CAMERA, ADAPTIVE CRUISE CONTROL AND LANE SUPPORT SYSTEMS.”

## Complete peace of mind

GWM connectiveCARE is 100% committed to ensuring service excellence and peace-of-mind for GWM owners. We offer comprehensive after-sales support and consistently endeavour to offer the highest standards of service possible.

connected to, and caring for you

# NEXT-LEVEL TECHNOLOGY

## 3 Steering modes

The all-new Haval Jolion Pro's dynamic steering offers a choice of 3 selectable modes to suit your driving preference, ensuring balance between relaxed cruising and assured handling at varying speeds.

## Style & functionality

Both simplicity and style are achieved by the chic rotary gear shifter which, complemented by the convenience of an electronic parking brake, provides for refined and efficient driving.

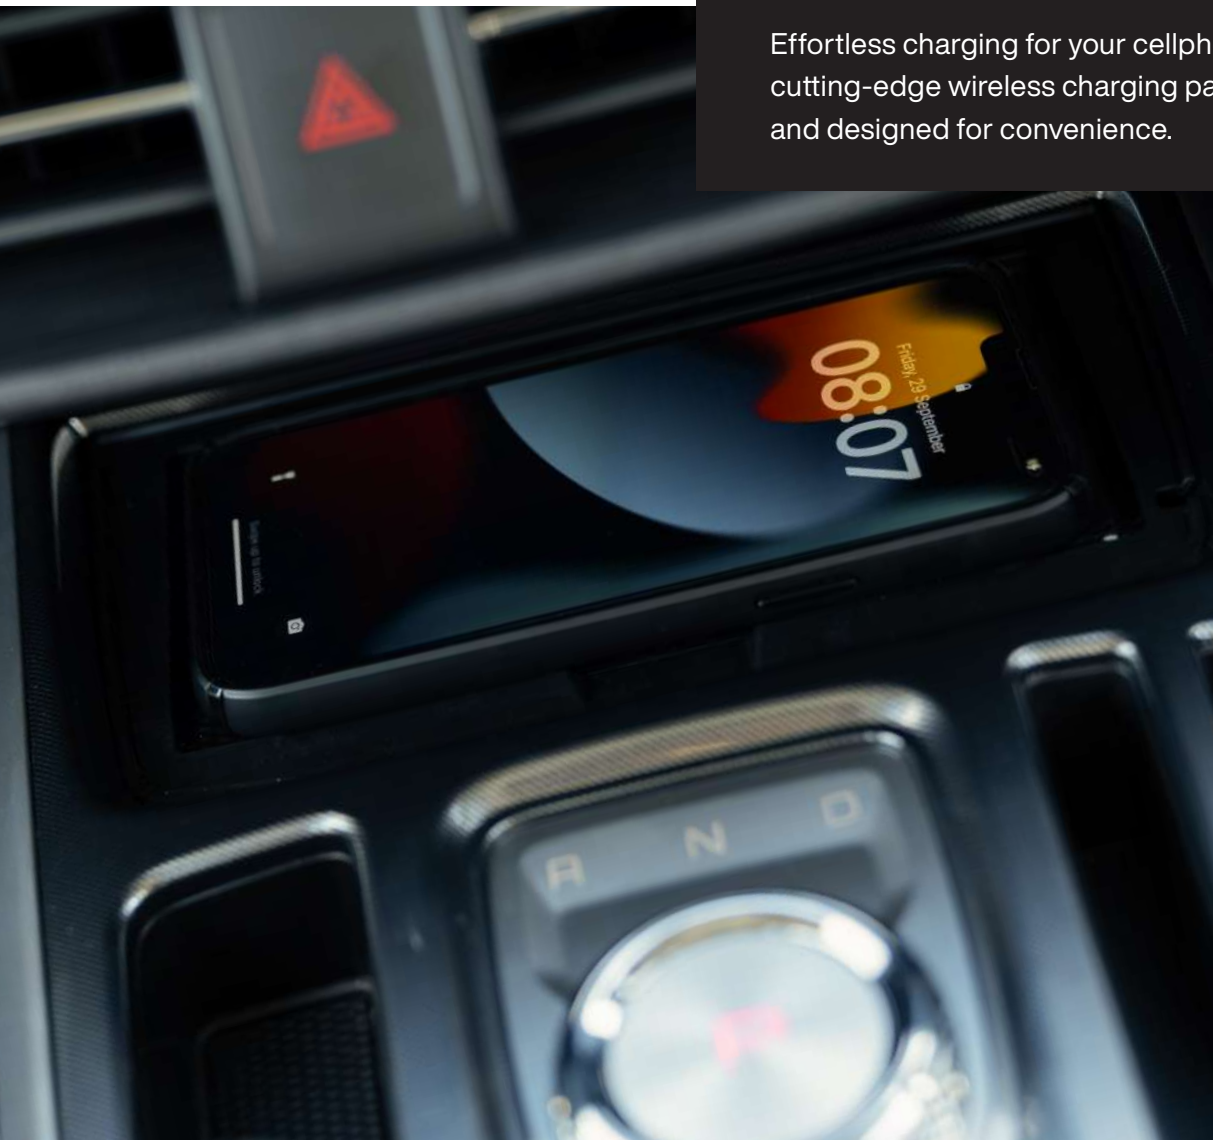

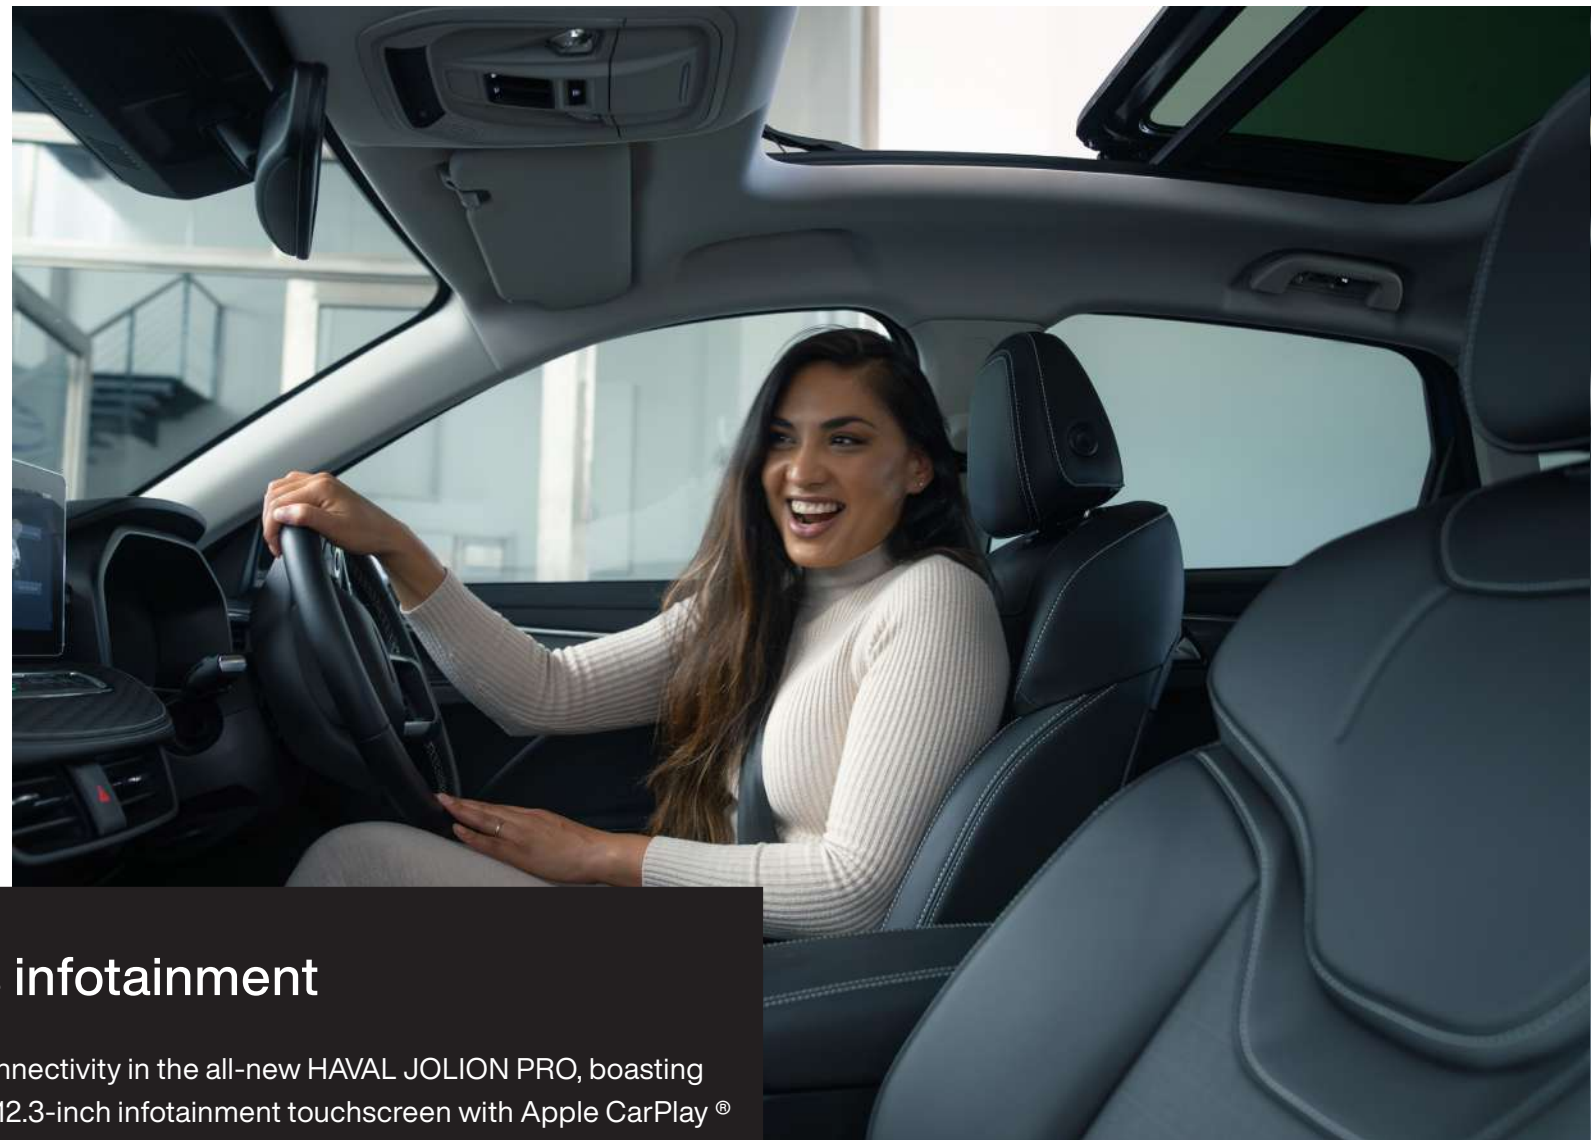

## Seamless infotainment

Elevate driving connectivity in the all-new Haval Jolion Pro, boasting a state-of-the-art 12.3-inch infotainment touchscreen with Apple CarPlay® and Android Auto, and a premium 6-speaker sound system.

## Visionary convenience

Effortless charging for your cellphone awaits with a cutting-edge wireless charging pad – quick, secure and designed for convenience.

## Pure intelligence in motion

The innovative Head Up Display is pure intelligence in motion – enabling cutting-edge safety, with guidance on critical information clearly projected on the windscreen.

# NEXT-LEVEL LUXURY

## Space to spare

An impressively long wheelbase means the all-new Haval Jolion Pro rivals most midsize SUVs in space, delivering superb headroom, legroom and storage space.

The petrol models boast cargo capacity of 291 L, 952 L with the rear seats flat, while the HEV comes with 255 L and 916 L.

## Make yourself comfortable

Power-adjust the luxurious, heated front seats 6 ways for the driver and 4 for the passenger, as you discover the perfect comfort position for every journey.

## Let the sunshine in

Allow natural light to infuse the cabin in your all-new Haval Jolion Pro via an expansive panoramic sunroof.
